ALL FEATURES UNIQUE TO WAKESLEDZ ALLOW NEW, YOUNG, AND EXPERIENCED RIDERS TO EASILY AND SAFELY PARTICIPATE EVERY TIME THEY RIDE.

- Wakesledz are less intimidating than traditional towables.
  - Riders of all ages quickly gain confidence on the sled and improve just as fast.
- Wakesledz are an ideal way to enjoy a day on the water, regardless of age or experience.
  - The sled's buoyancy enables new riders to begin riding at low speeds and to succeed their first try and every ride after.

"This towable is unique. It's different than a tube, different than a kneeboard, and is a great new revolutionary product for the water-sports industry" says Robert Oswell, President and CEO of Roswell Wake-Air.

iWAKESLEDZ

THE SOFT VELCRO, QUICK-RELEASE STRAP PROTECTS YOUR RIDER FROM INJURY AND YOUR WAKESLED FROM DAMAGE.

The EVA FOAM padding found on Wakesledz is soft And comfortable for all riders.

The introduction of ONBOARD HANDLES, Wakesledz separates itself from conventional kneeboards.

Installing your velcro rope attachment to the sled

Step 1: Slide the soft velcro side through the underside of the Wakesledz as shown.

Step 2: Lay the soft velcro side over the coarse side evenly. Leave the 1 inch flap of coarse velcro exposed.

Step 3: Fold over the 1 inch flap and your new setup should look like this.

If you have any questions about Wakesledz please email our knowledgeable sales department at info@roswellwakeair.com or call us at 1-855-962-WAKE (9253).

READ BEFORE YOU RIDE!

Read your owners manual before towing, riding or using Wakesledz.
